

PEGS SOFTWARE TRAINING

In these programs you learn to:

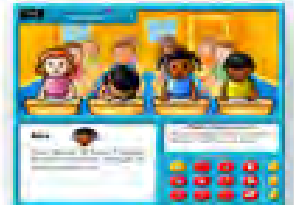

1. Use positive strategies that help children participate in acceptable ways.
2. Try new strategies in one-on-one and small group situations.
3. Apply the strategies to children with different problem behaviors.
4. Recognize your most effective classroom management strategies.
5. Include additional strategies that improve classroom discipline.

- High quality graphics
- Easy navigation

- Multiple simulations
- Multiple levels

- Constant feedback
- Learner guidance
